

Civil Engineering Department

1.Introduction:

The objective of the graduate program in Civil Engineering is to provide the students good understanding of Civil Engineering solutions in a global, societal and environmental context, consistent with the principles of sustainable development. The course will make the students capable identifying, formulating and solving civil engineering problems that meet specified performance, cost, time, safety and other quality needs and objectives with professional and ethical responsibility.

The department proposes to develop a wide research potential. It also proposes to promote research work which can be funded by various agencies such as Ministry of Human Resource Development (MHRD), Department of Science & Technology (DST), Ministry of Environment & Forests (MoEF), Central Pollution Control Board (CPCB), All India Council of Technical Education (AICTE), University Grants Commission (UGC), Ministry of Steel and Ministry of Urban Development.

The Department strongly believes in continuous efforts to strive for excellence by exploring new frontiers of knowledge, imparting the latest technical knowledge to the students and promoting high quality research through their project work.

Vision

To provide quality education in Civil Engineering, fostering a generation of globally competent and socially committed civil engineers who will contribute to the nation building process.

Mission

To encourage research and development in the field of civil engineering those are useful for the society and to equip the graduates with strong ethical and moral values and make them socially committed.

2.HOD Desk:

From the HOD's Desk:

Welcome to the Department of Civil Engineering at VOGCE. I hope you will enjoy learning about our innovative undergraduate program and our wonderful faculty.

We are dedicated to provide innovative and high-quality opportunities to our students to enable them in acquiring the fundamental knowledge, skills and attitude necessary for entry and success in the professional practice of Civil Engineering. Our graduates are well prepared for both the contemporary demands they will face when they enter the profession, as well as the technological challenges they need to address in the future.

The department also provides an opportunity for students in improving communication and presentation skills through various trainings and an on campus learning opportunity is provided to the students to learn additional softwares like Auto CAD, STAAD PRO, etc through CADD Centre.

For students the department consistently organizes Industrial visit to live projects to gain practical knowledge and understanding of field constraints.

The Civil Department has well qualified teaching faculties with industrial experience who are enthusiastic in imparting the quality teaching to the students. The emphasis is laid on proper understanding of the fundamentals of the subjects through PPTs, video clips and case studies.

It has well equipped laboratories, computational facilities that provides a good environment for learning. The department also has its own library housing a good number of quality reference books for the benefit of staff and students.

With all green lights!

Prof. Ashok D. Chavan

Professor & HOD

Department of Civil Engineering

3. Faculty Members:

NAME	DESIGNATION	QUALIFICATION
Prof. Ashok Chavan	HOD	M.E
Prof. Vaibhavi Mhatre	Co-ordinator	M.E(pur)
Prof. Rashmi Rana	Lecturer	M.E(pur)
Prof. Kaluram Langhe	Lecturer	M.E
Prof. Nilesh Jain	Lecturer	M.E(pur)
Prof. Samriddhi Shelavale	Lecturer	M.E(pur)
Prof.Vaibhav Shinde	Lecturer	B.E
Prof.Abhijit Gaikwad	Lecturer	B.E

4.LABS:

Laboratories:

Sr No	Name of laboratory	Location
1	Applied Hydrolics Lab	F-102
2	Geotech Lab	Basement
3	SOM Lab	104
4	Fluid Mechnics Lab	Basement
5	Surveying Lab	103
