About Trust

Vishwatmak Jangali Maharaj Ashram which located at Kokamthan near Shirdi, is a very powerful place for Meditation. Ashram was being founded by SADGURU ATMA MALIK. Everyone from all over the world is heartily invited here! VJMAT has started Educational Institutions since 1995 and year it is crossing new mile stones. We have about 11,000 students in 14 schools and colleges with faculty of 500 plus. These schools and colleges are located in Maharashtra, Gujrat and Karnataka.

Our Philosophy

The only truth in the universe is 'Atma' (the Divine Soul, the Self, Universal Energy, Consciousness or God). That's the only reality; everything else is transitory and perishable. Innumerable changes happen within nature, but Atma always remains constant, it neither has a beginning, nor an end. It is immortal.

Atma existed before any concept of God, so it is important to love and worship it. Contemplation and meditation on Atma even for a moment, can take us toward the experience that we and Atma are One (Self-realization) worshipping Atma is Worshipping all Gods.

Atma is present in all of us, residing in our heart, The easiest and most effective way to attain Atma is to meditate in the Self. Do not look for the Self outside but meditate within to realize God. Atma is formless and without any physical properties. It is easier to see Atma with a form. This manifestation in a form is One, who is always absorbed in Atma. Constant meditation on this form in our heart will lead to Self-realization.

Atma is omnipotent, omnipresent, omniscient. It Does not belong to any particular country, Worldview or religion. Any human being can attain Self-realization by meditating upon Atma. Jesus Christ, the Buddha, Prophet Mohammed, Shri Krishna, Lord Mahavir, Guru Nanak, Prophet Zarathustra and other saints throughout history, all attained Self-realization because they meditated on Atma constantly and became One with Atma.

Our Inspiration

Every child has unique abilities. At Atma Malik Institute of Technology and Research, we nurture these unique abilities. We believe that education is not limited to the theories of books; it is beyond the pages of books that there's immense knowledge. One must tap into the full self potential to acquire this knowledge. And looking inwards is the best ways to do it.

At Atma Malik Institute of Technology and Research, we focus on student's holistic growth. Under the able guidance of our Guru Atma Malik Gurudev, we provide our students, a stimulating environment, enabling their young minds to think in constructive manner, giving their curiosities, a positive direction.

We are inspired by the philosophy of creating generation that has stronger and calmer minds, are progressive and operate from the values of compassion, mutual respect and trust. In this pursuit, we adopt quite a disciplined and unique methodology to mould our students. Yoga, Meditation, Sports and Cultural Programs are the integral part of the syllabus at our school which provides our students with enough opportunities of holistic growth.

About Civil Engineering Department

Department of Civil Engineering was established in the year 2011. Within a short span, it has achieved the lead in many areas of Academics, Cultural, and Sports etc. Civil Engineering is the most Versatile and Core branch of Engineering.

Increasing Competition and Complex Technological Breakthrough has widened the scope of Civil Engineering Branch.

Current innovative and rapidly growing construction industry imposes a huge demand for Civil Engineers. Considering this perspective, Civil Engineering department aims to mould the students into excellent engineering professionals by exposing them to different aspects of Civil Engineering such as hydraulics, environmental engineering, structures, water resources engineering and soil engineering.

Course Objectives

AI-enabled tools and software can help designers to automatically extract and analyze the data needed for design (such as material properties, energy data, environmental characteristics, etc.). Artificial intelligence can also be used to strengthen processes based on Building Information Modeling (BIM) methodology.

Course Contents

- ❖ Construction of building using AI
- ❖ Map building using AI
- ❖ Material management using AI
- ❖ Optimizations in design using AI
- ❖ Maintenance using AI
- ❖ Risk Control using AI

Eminent Speaker

Mr. Vijay Muthekar
(PCCOE, Pune)

Who should attend

- ❖ Faculty from Engineering, Polytechnic, Architecture Institutions.
- ❖ Delegates from Industry and R&D organisations working in the field.
- ❖ UG, PG students and Research Scholars.

Accommodation

Accommodation will be charged separately. The tariff and other information shall be communicated to the participants applying for accommodation.

How to apply

Interested participants should send by speed post/courier the filled registration form and cheque/DD to the following address:

Organiser CED

Vishwatmak Om Gurudev College of Engineering

Mohili, Post: Aghai, Dist: Thane, 421601

Registration Fee

Cheque/DD should be drawn in favour of "Vishwatmak Om Gurudev College of Engineering" payable at Thane.

REPORT ON ADD on Course on
" Application of AI in Civil Engineering"

Description / Report on Event:

The session was started with the introduction of resource person Mr. Vijay Muthekar, Prof. Dattatray Patil gave introduction about the resource person and the short description about topic.

The expert speaker started the session with the introduction to Artificial Intelligence. He has explained all the concepts related to AI with practical examples and his team had worked hard in all five days. All the students of SE, TE and BE has took the advantages of this Add-on Programme and discussed the doubts with resource person, Mr. Vijay Muthekar and team in all five days, they solved all the doubts of students with practical application. This programme was ended with valedictory function.
