Department of Engineering Sciences And Humanities

Name of Course	:	ADD-ON Course in Effective Communication Skills			
Duration	:	30 Hrs	Modules	:	8

Course Objectives :

The main objective of this course is to empower professionals with—

- the understanding of the essential components of effective communication
- real-time feedback on their language structure, tone and non-verbal nuances
- the ability to recognise flaws in their own communication style
- capability to practice recommended methods for effective communication and make personal improvements
- understanding of the importance of effective communication personally and professionally
- express ideas fluently through conversation
- use their words, tone and posture to match the objective of their communication successfully
- techniques to build rapport easily
- use assertiveness to bring out the best in one's communication

Organizational Benefits:

Organisations whose professionals undertake this course will benefit in the following ways:

- Individuals become effective at their ability to communicate in all aspects and this will reflect positively for your business
- More professionalism in communication, helping maintain the brand values of your organization
- Greater credibility and respect for the individual and the organisation
- Increased recommendation of your organization in the market on public forums
- The decrease in disappointed customers and disagreements over instructions and ambiguous communication
- Market credibility increases because of stakeholder recommendations for your employees' communication skills
- Improved individual performance and sense of esteem for the organization
- More rapport building, better teamwork
- Lower attrition as individuals feel invested in, listened to, valued and motivated.

Personal Benifits:

Professionals attending this course will benefit in the following ways:

- A clear understanding of the role and importance of effective communication
- Increased self-awareness of one's ability to communicate at all times
- Access to examples, videos and practice sessions exclusively owned.
- Ability to identify one's area of opportunity to recognise and correct common mistakes in communication
- Understanding the effect and impact of not maintaining assertiveness in communication
- A sense of accomplishment contributing to a steady application of all aspects learnt in this course
- Overall improvement in individual performance
- The ability to role-model this skill in the organisation for subordinates to learn from and imitate

Course Contents
