ENVIRONMENT POLICY

Being a socially responsible organization, Vishwatmak Om Gurudev College of Engineering (VOGCE) declared its Environmental Policy to be implemented from academic year 2017-18.

Environmental Policy Statement

"VOGCE takes pride in making its campus an ecofriendly one. VOGCE strives to create awareness among students and employees through various activities and seminar. To strengthen the India's sustainable development goal, VOGCE aims to aware its stakeholders."

Objective of Environmental Policy

- To improve responsible management and efficient usage of energy, and reducing carbon emissions by utilizing alternate energy resources.
- Reviewing opportunities and implement measures to reduce waste generated by college and thereby minimizing environmental pollution.
- Provide suitable environmental awareness and training to staff, faculty, students and society, in practicing and promoting the culture of eco-friendly lifestyles.
- To conduct social outreach program through the staff, faculty and students in promoting activities for environmental protection.
- Develop the campus as "Carbon Neutral" with developing organic farming in the vegetation.
- Incorporating environmental concerns in the curriculum of the respective courses to enhance the knowledge systems.
- Involve all students in the environment conservation activities through Tree plantation drive.
- Ensuring compliance with legal as well as other requirements.
- Ensuring improved environmental performance through ongoing and proactive efforts by regularly establishing and assessing environmental objectives and targets.
- Conduct "Green Audit" and "Energy Audit" every five year by involving third party professionals and review the implementation of the Environmental Policy.

Suggested Action for Environment Sustainability:

1. Awareness boards for saving energy and water to be displayed in all circulation areas and throughout the campus
2. Environmental sensitivity programs/activities must be periodically scheduled for students in developing innovative technologies in reduce, reuse, recycling of waste and promote entrepreneurship.
3. Annual Environment and Energy audits of the campus to be conducted
4. Replacement of LED Lamps in place of fluorescent lamps.
5. Implementation of power conservation methods/techniques
6. Reuse of one-sided paper for writing or printing is promoted in all departments
7. E-Notice practice is promoted across the campus using platforms such as Google classroom, WhatsApp group.
8. Initiatives to maintain an environmentally sustainable campus atmosphere
9. Minimal use of single use plastic and other such material during the college events
10. Staff and students should be advised to use public/college transport system.
11. Strengthening of rain water harvesting system in the campus.
