Message from the Honorable Principal(AMRIT)

Dr. DNYANDEO D SHINDE

The quality of values delivered to the rest of the world is the mark of any institute. These are essential values. Always be strong, professional, and optimistic. This is what you were looking for and that's the reason you have come to AMRIT. As the Chinese philosopher, Lao Tzu said 'A journey of thousands of miles begins with a single step'. You've already taken the first step by choosing AMRIT. You've already taken the first step by choosing AMRIT. Vishwatmak Jangli Maharaj Ashram Trust, which administers AMRIT, has been a pioneer in developing education programmes designed to educate young minds, build knowledge, and generate technocrats, as well as cultivate leaders who are industry ready. AMRIT now provides students with access to a wide range of traditional and e-learning resources. AMRIT has a culture of acquiring knowledge rather than information. It is our commitment to AMRIT students that, when they graduate, they will be readily able to take the helm through the technology-driven market. We at AMRIT believe that even an average student can achieve academic altitude if he or she attends all lectures and practical's, along with the meditation sessions. Even more so, if a student immerses himself or herself in the learning process as a team member, maintains patience, and has a positive attitude as well as aptitude., it is sure he/she will reach academic altitude.

OUR PHILOSOPHY

The only truth in the universe is 'Atma' (the Divine Soul, the Self, Universal Energy, Consciousness or God). That's the only reality; everything else is transitory and perishable. Innumerable changes happen within nature, but Atma always remains constant, it neither has a beginning, nor an end. It is immortal.

Atma existed before any concept of God, so it is important to love and worship it. Contemplation and meditation on Atma even for a moment, can take us toward the experience that we and Atma are One (Self-realization) worshipping Atma is Worshipping all Gods.

Atma is present in all of us, residing in our heart, The easiest and most effective way to attain Atma is to meditate in the Self. Do not look for the Self outside but meditate within to realize God. Atma is formless and without any physical properties. It is easier to see Atma with a form. This manifestation in a form is One, who is always absorbed in Atma. Constant meditation on this form in our heart will lead to Self-realization.

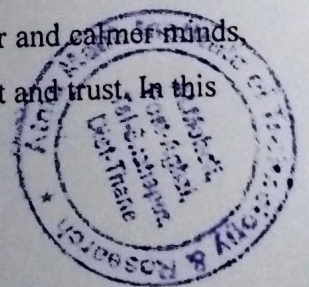

Atma is omnipotent, omnipresent, omniscient. It Does not belong to any particular country, Wrold view or religion. Any human begin can attain Self-realization by meditating upon Atma. Jesus Christ, the Buddha, Prophet Mohammed, Shri Krishna, Lord Mahavir, Guru Nanak, Prophet Zarathustra and other saints throughout history, all attained Self-realization because they meditated on Atma constantly and became One with Atma.

OUR INSPIRATION

Every child has unique abilities. At Atma Malik Institute of Technology and Research, we nurture these unique abilities.
