# ADD ON COURSE ON ANDROID APP DEVELOPMENT

## A Five day course

**24th -29 th OCT 2022**

oraganised by

## Department Of Computer Engineering

## Vishwatmak Om Gurudev College of Engineering

## Course objectives

1. Android basics, its architecture and the mobile apps market
2. Various components of Android and application life cycle resources
3. Creating Menus and Layouts in Android
4. Using the SQLite database for creating Android applications
5. Working on animation, content creation, data storage and Maps API
6. Working with Android Studio, DDMS, Listeners and other tools
7. Designing interactive apps with multimedia
8. Publishing the apps on the Google Play store

Android App Developers

- Features & Customization
- Business Friendly
- Affordable OS
- Safe & Secure
- Easy Adoption

ANDROID

## Course outcomes

After completion of the course students should be able to:

1. Install and configure Android application development tools.
2. Design and develop user Interfaces for the Android platform.
3. Save state information across important operating system events.
4. Apply Java programming concepts to Android application development

Resource person :- Mrs. Diya Sharma

Coordinator :- Prof. pooja shinde

7410183180

## Course Pre-requisites :

It is easy to develop simple android applications. We can simply use some basic knowledge and can create simple applications using drag and drop functionality provided by Android Studio. But for creating a complex applications one should have proper understanding of the 4 main core components of android which are as follows 1) Activities. 2) Content Providers.3) Services. 4) Broadcast Receivers.

## Career Prospects :

As an Android application developer, you can expect to work for a variety of different employers, including technology companies, startups, and consulting firms. These developers may also be self-employed, working as freelancers or consultants. Some of the most common job titles for Android developers include software engineer, mobile developer, and application developer.. Overall, a career as an Android application developer can be a rewarding and lucrative choice for those with the necessary skills and experience.

## Course Contents :

- Introduction to Java and Android Duration (6 Hrs)
- Systems Programming and JNI Concepts (6 Hrs)
- Android Graphics and Multimedia (7 Hrs)
- 3D graphics in OpenGL and Android Widget (7 Hrs)
- Android Networking (7 Hrs)
- Complete App Development (7 Hrs)
# Atma Malik Institute of Technology & Research (AMRIT)

Install and configure Android application development tools.

Design and develop user Interfaces for the Android platform.

Save state information across important operating system events.

Apply Java programming concepts to Android application development.

## Course Pre-requisites :

It is easy to develop simple android applications. We can simply use some basic knowledge and can create simple applications using drag and drop functionality provided by Android Studio. But for creating a complex applications one should have proper understanding of the 4 main core components of android which are as follows 1) Activities. 2) Content Providers.3) Services. 4) Broadcast Receivers.

## Career Prospects:

As an Android application developer, you can expect to work for a variety of different employers, including technology companies, startups, and consulting firms. These developers may also be self-employed, working as freelancers or consultants. Some of the most common job titles for Android developers include software engineer, mobile developer, and application developer.The demand for Android developers is high and is expected to continue growing in the future. According to the Bureau of Labor Statistics, the employment of software developers is projected to grow 21% from 2019 to 2029, much faster than the average for all occupations.In terms of salary, the average salary for an Android developer in the United States is around $100,000 per year, with some developers earning significantly more depending on their level of experience and the industry they work in.Overall, a career as an Android application developer can be a rewarding and lucrative choice for those with the necessary skills and experience.

Date :- 29)10)2022

To,

Mrs. Diya Sharma

Speaker

Thane

Respected Madam,

We are gradually thankful for sharing great knowledge and addressing our students on **ADD ON COURSE ON ANDROID APP DEVELOPMENT** from **24TH OCT 2022 - 29TH OCT 2022**. We all hope that you will allow us for such kind of other visit to our students and guide them as well. This will definitely boost knowledge about to our students. we hope it was a positive experience for you as well.

Thank you once again for association with us & sharing the knowledge and given precious time for us. We look forward to a long and fruitful association with you.

With warm regard,

Activity In charge

Head of Computer Dept,
AMRIT
